

T6 Pro Smart

Honeywell Home T6 Pro Smart Thermostat

The new standard for simple connectivity

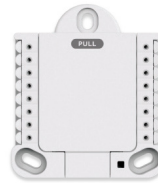

The Honeywell Home T Series is a portfolio of non-connected and WiFi connected thermostats designed with contractors in mind. With simple functionality that's easy to use, and smart features that are easy to love, the T6 Pro Smart enables you to deliver in-demand connectivity without the complexity.

A connected solution

That's better than ever.

Simple Installation

All T Series thermostats, including the T6 Pro Smart, use the same UWP mounting system, helping your installers get in and out and on their way more quickly and efficiently.

Simple Setup

Your installers can choose to do setup and scheduling at the wall like a traditional thermostat, or they can use the Resideo Pro app.

Simple and Smart Service App

Download the Resideo Pro App to enjoy faster installs with more ways to connect with customers. Empower your team through an improved installation, registration, and service process to help them close jobs quickly and confidently.

Resideo Pro App

Simple Ventilation Control

The T6 Pro Smart is available with optional ventilation control for residential new construction projects that need to meet the ASHRAE 62.2 standard.
